According to the International Council of Nurses (ICN), an advanced practice nurse is a "registered nurse who has acquired the expert knowledge base, complex decision-making skills and clinical competencies for expanded practice, the characteristics of which are shaped by the context and/or country in which s/he is credentialed to practice.

ICN Policy Brief - WHO

The 2008 publication that defines the essential elements of baccalaureate education for professional nursing practice is now available from AACN. The Essentials of Baccalaureate Education for Professional Nursing Practice provides an important framework for designing and assessing baccalaureate education programs for professional nursing practice. This publication is the result of a consensus-building process that included nursing educators, clinicians, executives, and researchers, as well ...
