Resumes include a lot of information, so it's a good idea to read through them more than once. The first time, perform a resume scan. Quickly skim through the document and look for any keywords or specific skills that align with the job description you developed. You'll also want to keep an eye out for grammar and spelling, which can help you identify whether or not a candidate pays attention to detail and knows how to present themselves professionally.

How to Read a Resume - Job Search | Indeed

How should I read the book of Job? The big picture of Job is that there was a man who was, in one sense, blameless in God's sight. He was leading a basically upright life. And there is a reality called Satan who challenges God that his man is not as good as he thinks he is. God gives Satan permission to attack Job, and he does so first through ...
