It's disappointing that there's no convenient menu that lets you just browse freebies. Instead, you have to search for your preferred genre, plus the word 'free' (free science fiction, or free history, for example). It works well enough once you know about it, but it's not immediately obvious.

Maritime Supremacy The Opening Of

"Maritime Supremacy And The Opening Of The Western Mind" is a book that fails, although it fails for a "noble" reason: the author is overly ambitious. Mr. Padfield didn't want to write just a political/social history of the maritime powers and he didn't want to write just a naval history, either. He wanted to combine the two types of history.
