As of now about 50 journals, in which 20 journals and 100 conferences are presently dedicated to the obesity and its consequences, according to the recent results the obesity is a medical condition in which excess body fat has accumulated to the extent that it may have a negative effect on health, leading to reduced life expectancy and/or increased health problems.

### **Updated List of High Journal Impact Factor Obesity Journals**

For example, under Biochemistry, the journal topping the list is Annual Review of Biochemistry with an impact factor of 35.5 in 1992. It is widely believed that methods articles attract more citations than other types of articles. However, this is not in fact true. Many journals devoted entirely to methods do not achieve unusual impact.
