A treatment is a document that presents the story idea of your film before writing the entire script. Treatments are often written in present tense, in a narrative-like prose, and highlight the most important information about your film, including title, logline, story summary, and character descriptions.

Treatment definition: Treatment is medical attention given to a sick or injured person or animal. | Meaning, pronunciation, translations and examples

Treatment definition and meaning | Collins English Dictionary

The newspapers in Townsville took up the story, referring to it as a cure. In 1932, Queensland suffered its highest number of polio cases in 30 years; the following year, several local people helped Kenny set up a rudimentary polio-treatment facility under canopies behind the Queens Hotel in Townsville.

Elizabeth Kenny - Wikipedia

Just know that James and Sloane and Realm are the focus of the story and there are a few familiar faces that reappear along side new ones. The Treatment wraps up all the loose ends from The Program and gives readers both a chapter six months after the main action of the book and an epilogue.

The Treatment (The Program, #2) by Suzanne Young

The essence of the story and the characters should be evoked through exhilarating language and

Cecilia has been prescribing her chilblains ointment for over 50 years. The creator of The Best Chilblains Treatment, Cecilia, was a young woman when she migrated from Slovenia to Orange, Australia with her family in 1954. Her whole family experienced some of the coldest winters in Australia and as a consequence some of the most painful chilblains. Living in only a shed and working long hours in a nearby factory, the nasty chilblains caused severe pain for Cecilia and her
